

RWANDA COKO FARM WASHED GRADE A1

The Coko Farm is located in the northern region of Gakenke District and was founded in 2008 by Jean Nepomuscene Habyarimana. As a farmer's son, he became aware of the importance of coffee growing for the local community, eventually leading him to buy land for himself. Every year, he raises the quality of his coffees anew and in 2014 he was awarded first place by Cup of Excellence. The Coko Farm was also selected as a Farmer Field School model farm. Since 2 years, the Coko Farm is home to a lot of sweet pigs that help to increase productivity at farmer level while delivering the perfect organic compost.
